Hospitality

Every residential stay includes access to a range of wellness and recreational amenities, thoughtfully curated to support both restoration and renewal. These include a fully-equipped fitness studio, sauna, cold plunge, therapeutic hot bath, pickleball and pétanque courts, a tranquil meditation space, creative studio, and beautifully landscaped gardens designed for quiet reflection.

Each private suite is designed for comfort and restorative sleep. A pillow menu, together with a selection of sleep enhancements, promotes deep rest, relaxation, and a natural reset of the body's circadian rhythm.

Dining is an integral part of the residential experience. Every meal is freshly prepared across a 28-day rotating menu, offering a diverse selection of nourishing breakfast, lunch, and dinner. Throughout the day, residents may also enjoy an array of wholesome snacks, artisan coffee, premium teas, and a selection of beverages, all available to support wellbeing and the rhythms of daily life.
